

Conclusion

Where to go from here

Sam Hume

Stay current on GitHub

Repo	What it is
github.com/swhume/odmlib	The library
github.com/swhume/odmlib_examples	Example programs
github.com/swhume/defineutils	Define-XML command-line tools
github.com/swhume/r-pharma-odmlib	This workshop

- **Expect regular releases** on the way to **odmlib v1.0**
- **Follow, star, or watch** — the easiest way to stay on top of updates
- **Open an issue** for feature requests or improvements — **PRs appreciated**
- **Coming soon:** a new **defineutils** with a complete Define-XML conformance checker — all published Define-XML conformance rules, plus additional odmlib checks

More about odmlib

- **PyPI** — pypi.org/project/odmlib
`pip install odmlib`
- **Blog** — humedatalabs.com
- **Documentation** — humedatalabs.com/odmlib

Contact me

- **Email** — sam@humedatalabs.com
- **LinkedIn** — linkedin.com/in/sam-hume-dsc

GitHub issues are best for bugs and feature requests — email or LinkedIn for everything else.

Thank you for attending!
